HOUSE TANGLED ON \$500,000 MEASURE

Exposition Building Bill Brings Heated Debate and Novel Parliamentary Situation.

After having placed itself in a tangled arliamentary situation, the House will! ttempt tomorrow to extricate itself by i ssembling a quorum and voting on hether San Francisco shall have a \$500 .-

Government exhibit building at the 15 Panama exposition. The item is arried as a Senate amendment to the indry civil bill. Members of the House ppropriations Committee insist that alifornia promised never to ask for a 'ederal appropriation if the exposition ite were given to the Pacific Coast.

Congressman Dupre of Louisiana, who bought for the New Orleans claims two rears ago, commenting on this promise esterday, asserted that:

'in addition to a glorious climate ind a few native sons, California proluces the best bunch of liars I ever I say this in an impersonal ense, of course. I can well believe that the two great universities on the 'acific coast, Falo Alto and Berkeley, have created a chair for the especial urpose of promoting the gentle art mendacity."

The parliamentary situation in which he House will find itself tomorrow is nusual. The House became so tangled ate yesterday that adjournment was aken, with the Frisco fight in the air. ongressman Kahn had moved to acpt the Senaty amendment, and the otion carried, 112 to 109. Mr. Fitzgerd demanded a recapitulation of the use vote, the result being the same. ir. Kahn then made a tactical blunder moving to reconsider and lay on he table, a perfunctory motion niways nade by friends of a measure, but a motion which cannot be made by an poponent of a passed bill. Congressmen Sheriey and Fitzgerald, shrewd parliamentarians, seized their poportunity and demanded a division on

Mr. Kahn asked to withdraw the mo on, but Mr. Sherley objected and thus he Californians were forced into a reonsideration of a question which they ad just carried after an exciting fight and by a close vote. The friends of frisco were much disconcerted, but by

Frisco were much disconcerted, but by he time a roll call was had on the reonsideration motion the House was ourteen shy of a quorum.

Congressman Fitzgeraid suddenly noved adjournment, leaving the roll all uncompleted. A roll call on adournment was demanded and obtained the virtually two roll calls in progress he House finally adjourned, 103 to 98.

The motion to reconsider will come automatically on Thursday, regular asiness intervening on Wednesday, ald Speaker Clark and the House ound itself practically where it had started. Both sides are today rounding up votes, the California members neisting that this Government, cannot usk other nations to participate in the Panama exposition unless the inited States itself makes a creditable

ELECTIONS TO BRING DIVIDED CONGRESS

Prospects Are for Deadlock From Republican House and Democratic Senate.

Congress is likely to get into that sort of a division of strength as between the political parties, where it will be practically at a standstill se far as the enactment of legislation of big political importance is concerned. That is, the next Congress, which will be the sixty-fourth, promises to have a Republican House and a Democratic

Sixty-second Congress, which was elected in 1910, only in that instance the Democrats controlled the House and the Republicans the Senate. Deadlocks Result.

Some important laws were passed in the Sixty-second Congress, but when it came to tariff or anything having a political bent, the attempted legistation either came to an impasse, or it pressed will of all the American people, was passed by Congress with the save the few who would profit by the knowledge that a veto awaited it at destruction." knowledge that a veto awaited it at the White House. This is an ideal situation for those

This is an ideal situation for those interests and elements that want a minimum of legislation. However, the insurgency in each of the parties in recent years makes it possible even in such a situation to do more than would be the case if the old hard and fast rule of party lines were more completely binding than it is.

The Republicans this fall, even though they will a sweeping victory so far.

body is apparently Democratic for some years to come. It is doubtful if a Re-publican victory in 1916, unless it was a veritable landslide, could enable the Republicans to recapture the Senate. That body, with one-third only of its mem-bers elected every two years, changes much more gradually than the House. It is bound to be so, because two-thirds of the Senators are always hold-

Few Changes Possible.

The only States where the Democrats by any reasonable possibility can lose Senator this fall are Oregon, where Senator Chamberlain is a candidate for re-election; Nevada, where Senator Newlands is a candidate for another term; Indiana, where Senator Shively is running to succeed himself; Maryland, where Senator John Walter Smith seeks re-election; Arizona, where Senator Marcus A. a Republican House and a Democratic Senate.

The Republicans, it is true, have a long way to travel before they capture the House, but the trend of things retailed the House, but the trend of things retailed the House has found that they may accomplish it. It is certain that many of the Democratic leaders fear it, and many of the Republican leaders expect it.

If the Republicans should capture the House this fall, then there will be importation. The bill provides for an increase in the importation from 160,000 to the Republican sort, of a Senate initiating legislation of a Democratic initiating legislation of a Democratic the Republican sort, of a Senate initiating legislation of a Democratic shill the there will be importation from 160,000 to the Republican sort, of a Senate in the importation from 160,000 to the Republican sort, of a Senate in the importation from 160,000 to construct the Republican sort, of a Senate in the importation of electricity at Niagara Falls will cause a deterioration in the scenic beauty of the falls, the American Civic Association in the House this fall, then there will be falls, the American Civic Association in the House this fall, then there will be found in Indiana, from tange departed somewhat from her traditional idea that everything worth while may be found in Indiana, from tange teast to cubist art. Nervous Wrecks from Sore Feet; Here Is Cure

i The following is absolutely the surest and quickest cure known to science for all foot ailments: "Dissolve two tablespoonfuls of Calocide compound in a basin of warm water. Soak the feet in this for full fifteen minutes, gently rubbing the sore parts." The effect is really wonderful. All soreness goes instantly and the feet feel so good you could sing for jey. Corns and callouses can be peeled right off. It gives immediate relief for sore bunions, sweaty, smelly and aching feet. A twenty-five cent box of Calocide is said to be sufficient to cure the worst feet. It works through the porps and removes the cause of the trouble. Don't waste time on uncertain remedies. Any druggist has Calocide compound in stock or he can get it in a few hours from his wholesale house. It is not a patent medicine. Calocide prepared only by Medical Formula Co., Dayton, Ohio.

Mrs. Anthony has been noted for her throwing aside of conventions when conventions prevented the free expression of her personality, and so it is in this matter. Slippers with diamond heels were unknown, so she wore a set of diamond-heel slippers to a White House reception given by President Taft. Some of the present-day styles of women's dresses did not appeal to her as esthetic sartorially speaking, so she invented new ones which she has worn whenever occasion might require, Certain social reforms and manners have appealed to her as ridiculous—so she appealed to her as ridiculous so she has ridiculed them.
